## Architectural Highlights

Floor Plan

- **Ground-Floor Primary Suite:** Expansive master retreat with custom walk-in closet and spa bath featuring a double soaking tub. Zero stairs required for daily life.
- **Street-Access Ground Office:** Dedicated front-facing studio with private exterior entrance—ideal for remote executive consulting or easily converted to an elder-care suite.
- **Integrated 6-Car Lanai:** 2 covered bays plus 4 secure on-site spaces; connects seamlessly to the main salon via massive solid wood sliding doors for large gatherings.
- **Upper Level Family Quarters:** 2 secondary en-suite bedrooms (each with private full bath), central TV/multimedia lounge, and open study nook.
- **Complete Service Quarters:** Dedicated maid's room with en-suite full bath, large laundry room, and an open-air clothesline drying patio.

**A Word from the Owner-Builder (Don José Arias, Retired Master Contractor):**
*"My wife and I built this home for our own family with an uncompromising standard no commercial developer could afford: solid tropical hardwoods with zero veneers, seismic-grade concrete, and an effortless ground-floor layout where everything happens without climbing stairs. Having raised our children here, we are downsizing and passing this legacy directly to the next family with complete transparency."*
